Be warned. We need an alternate comms channel for organizing convoys and plans for attending on the 6th. I can attest that I never said anything even slightly offensive (or that could be construed as being offensive) to anyone at

any time. I joined the channel. Said hello patriots. And I cautioned people wanting to bring any legally owned firearms to check the law and be wary of checkpoints. Thanks Ministry of Information!

Yeeep. I asked for receipts too. I think, if we even get an answer, it'll point to the last sentence which was, "...or was involved in a server dedicated to these behavior." So discord is ass hoe too it seems. You get what you pay for I guess lol. Glad to know upfront. Wouldnt want to knowingly support a platform that acts like this.

Exactly. I'm completely done supporting any of these platforms that want to suppress speech, or in this case, my lack of speech, ha.....

Discord [\[email protected\]](#) "Your account sent threats to others, participated in targeted harassment, incited violence against individuals or communities, or was involved in a server dedicated to these behavior."

My listed appeal: Please provide any proof of such accusations. I did no such thing! I just yesterday joined a server recently for collaborative efforts to potentially attend a free speech event. I said nothing violent, no harassment at all let alone targeted, and I have never called for violence direct or indirect to anyone. I dare say I haven't even ever said anything offensive to anyone on this platform in my years of participation.

If you're bringing political censorship to your platform I'll be glad to share with others of like mind and ensure you get no continued support. A re-enable will let me know this was merely confusion but no reply or no reactivation will be all the answers I need.
